

The Original DIAMOND WIRE™

DiamondWire for Complete Subcision

Areas of use:

Nasolabial Folds

Marionette lines

Radial lip lines/ White roll

Cheek, chin lines

Glabellar lines

Acne scars

Corner of mouth

Depressed scars (Body/ Face)

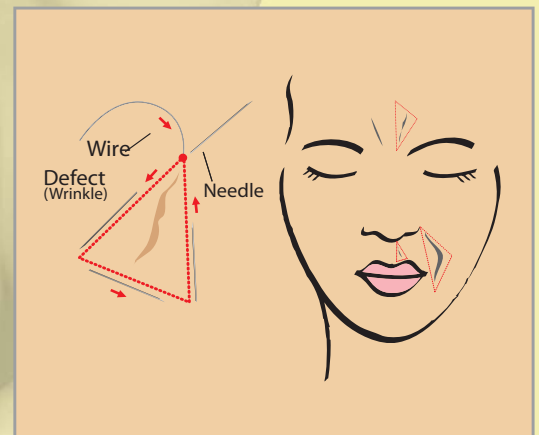

Labiomental groove

Transverse forehead lines

Neck lines

For the treatment of lines,
folds, depressions, scars,
and adhesions

The Patent Pending DiamondWire is a revolutionary instrument enabling incision less surgery to release and smooth skin imperfections by separating their connections to the underlying tissues.

Visit our website at www.imiimi.com for before and after photos and procedure videos.
